

## Certificate of Analysis

### Compound Information

|                     |                                                |
|---------------------|------------------------------------------------|
| Product Name:       | Bathocuproine                                  |
| Cat. No.:           | 1033221                                        |
| CAS No.:            | 4733-39-5                                      |
| Molecular Formula:  | C <sub>26</sub> H <sub>20</sub> N <sub>2</sub> |
| Molecular Weight:   | 360.45                                         |
| Chemical Structure: |                                                |

### Batch Information

|              |                           |
|--------------|---------------------------|
| Batch No.:   | Lf0228124079              |
| Storage:     | Store at room temperature |
| Test Date:   | 2022-02-28                |
| Retest Date: | 2025-02-27                |
| Origin:      | Shanghai, China           |

### QC Summary

|                              |                                                                         |
|------------------------------|-------------------------------------------------------------------------|
| Appearance:                  | Light yellow to brown (Solid)                                           |
| <sup>1</sup> H NMR Spectrum: | Consistent with structure                                               |
| Purity (HPLC):               | 97.51%                                                                  |
| Conclusion:                  | The product has been tested and complies with the given specifications. |
