### Compound Information

|                     |                                                 |
|---------------------|-------------------------------------------------|
| Product Name:       | 2-Chloro-7-fluoroquinazoline                    |
| Cat. No.:           | 1115741                                         |
| CAS No.:            | 956101-10-3                                     |
| Molecular Formula:  | C <sub>8</sub> H <sub>4</sub> ClFN <sub>2</sub> |
| Molecular Weight:   | 182.58                                          |
| Chemical Structure: |                                                 |

### Batch Information

|              |                     |
|--------------|---------------------|
| Batch No.:   | Lf0418129846        |
| Storage:     | Storage temp. 2-8°C |
| Test Date:   | 2022-04-19          |
| Retest Date: | 2025-04-18          |
| Origin:      | Shanghai, China     |

### QC Summary

|                              |                                                                         |
|------------------------------|-------------------------------------------------------------------------|
| Appearance:                  | Off-white to light yellow (Solid)                                       |
| <sup>1</sup> H NMR Spectrum: | Consistent with structure                                               |
| Purity (HPLC):               | 99.84%                                                                  |
| Conclusion:                  | The product has been tested and complies with the given specifications. |
