

# **Certificate of Analysis**

### **Compound Information**

| Product Name:       | 2,6-Diisopropylaniline            |
|---------------------|-----------------------------------|
| Cat. No.:           | 1148769                           |
| CAS No.:            | 24544-04-5                        |
| Molecular Formula:  | C <sub>12</sub> H <sub>19</sub> N |
| Molecular Weight:   | 177.29                            |
| Chemical Structure: |                                   |
|                     |                                   |

#### **Batch Information**

| Batch No.:   | Ld111322813               |
|--------------|---------------------------|
| Storage:     | 2-8°C, protect from light |
| Test Date:   | 2020-06-30                |
| Retest Date: | 2023-06-29                |
| Origin:      | Shanghai, China           |

## **QC Summary**

| Appearance:                  | Pink to orange (Liquid)                                                 |
|------------------------------|-------------------------------------------------------------------------|
| <sup>1</sup> H NMR Spectrum: | Consistent with structure                                               |
| Purity (GC):                 | 97.59%                                                                  |
| Water(KF):                   | 0.04%                                                                   |
| Conclusion:                  | The product has been tested and complies with the given specifications. |
